## 1. DEFINITIONS

In this Policy, unless the context otherwise indicates, a word or expression to which a meaning has been assigned in the Local Government: Municipal Finance Management Act No. 56 of 2003 and other related legislations/Regulations, has the same meaning as in that Act.

**“Credit Control refers”** to all the functions relating to the collection of monies owed by the debtors and customers of the Municipality.

**“Customer Care and Management - Customer care”** is defined as identifying and meeting customer needs and expectations. Customer management means the focusing on the consumer’s needs in a response and proactive way to encourage payment, thereby limiting the need for enforcement. Customer management is ensuring that customers understand the Municipality’s service delivery and what the municipality expects from them in turn and the recourse both the Municipality and the consumer have if expectations are not met. Customers should, whenever possible, be addressed in a language they understand.

**“Debt Collection”** Collection of all money’s owed to the Municipality is compulsory. However, debt collection must take place in accordance with this policy, which must be consistent with the Municipality’s tariff policy (S96 of Municipal Systems Act).

**“Child headed household”** A household where both parents are deceased and where all occupants of the property are children of the deceased, and are all under the legal age to contract for services and are considered as minors in law by the state.

## 2. INTRODUCTION

2.1. It is vital to the long-term financial viability of any municipality that it collects the revenues (such as levies, tariffs, rates and taxes) due to it for services rendered. In terms of section 96 of the Local Government Municipal Systems Act 2000, a municipality:

2.1.1 Must collect all money that is due and payable to it, subject to this the Municipal Finance Management Act(MFMA) and any other applicable legislation; and

- 2.1.2 For this purpose, the Municipality must adopt, maintain and implement a credit control and debt control policy, which is consistent with rates and tariff policies and complies with the provisions of the MFMA.
- 2.2. This means that the appropriate credit control and debtors mechanisms must be maintained.

### **3. OBJECTIVE**

The objective of this policy is to define a framework within which effective procedures could be developed to identify defaulters, and ensure that their failure to meet their financial obligations towards the Council would be treated in a consistent, fair and effective manner.

### **4. FACTORS THAT AFFECT THE IMPLEMENTATION OF A FULL CREDIT CONTROL SYSTEM**

- 4.1 Lack of administrative capacity to implement credit control within municipalities.
- 4.2 Lack of political support and commitment from Municipal councillors.
- 4.3 Poor and inefficient accounting systems adopted by some municipalities resulting in inaccurate financial reports and incorrect statements.
- 4.4 Lack of financial resources throughout the payment collection system.
- 4.5 Insufficient customers pay points.

### **5. CREDIT CONTROL PRINCIPLES**

- 5.1 Credit control is the last step in ensuring payment for services rendered, the following principles should be considered.
- 5.1.1 Enforcement in a local matter subject only to relevant legislation.
- 5.1.2 The Municipal Manager, who is entrusted with the determination and exaction of credit control measures, must report to Council on the implementation of this Policy.
- 5.1.3 Enforcement and policy making must be independent to ensure accountability.

5.1.4 Credit control measures must be understandable, uniform, fair and consistently applied.

5.1.5 Credit control must be effective, efficient and economical.

5.1.6 The credit control measures must be sustainable in the long- term.

5.1.7 A proper indigence policy must be in place.

## 6. CONTENT OF THIS POLICY

In terms of section 97(1) of the Municipal Systems Act, No 32 of 2000, this policy must provide for:-
